GERMAN MINISTER IS ASSASSINATED

MILITARY BOARD PROBING CAUSES FOR MINE RIOTS

Commission Views Scene of Recent Disorders in Herrin Fields.

OFFICERS QUESTIONED

Mine Union Officials Are Asked for Facts Upon Fatal Outbreak.

(By the Associated Press)

HERRIN, June 24.—A military commission headed by Major General Milton J. Foreman, commander of the 33rd division, sent by Governor Len Small to report on the situation in the Southern Illinois coal fields, arrived at Carbondale early today and went at once to the coal fields.

Upon the recommendation of the commission depends the state's future policy and whether or not troops will be sent into this district.

General Foreman was accompanied by five field officers, Col. William E. Swanson, commander of the 132nd infantry, Lieut. Col. Francis M. Allen, commander of the 131st infantry, and Majors Rred E. Rand and Curtis J. Dolan, both of the 132nd infantry, and Major John M. Richmond, 121st infantry.

Inspect Wrecked Mine.

All of the officers are from Chicago. They were met by Colonel Hunter, representative of the state adjutant general's office here. The members of the commission, accompanied by newspaper men, went at once by motor car to the wrecked Lester mine. General Foreman looked over the wrecked mine, where a car of coal was still burning on a siding.

From the ruined mine, the commission was guided by Colonel Hunter down the road of death where 28 hours ago the victorious mob stormed the mine and dragged its prisoners two and one-half miles before they were shot.

Superintendent Clubbed.

Berry pickers were coming up the dusty road this morning. The commission was shown the place where C. K. McDowell, superintendent of the Lester mine, was clubbed to death with revolvers because hampered by a wooden leg, he could not keep up with the marchers. They saw the woods where the bulk of the prisoners were slain.

The commission is now in session here and the mine union officials and peace officers of Williamson county are being questioned regarding facts leading up to the outbreak. It will hold another hearing at Marion, county seat, and expects to conclude its investigation and return to Chicago tonight.

Miners Leave Field.

CARBONDALE, Ill., June 24.—More than 150 miners from the Herrin district passed through here last night and early today going out of the coal fields. They were believed to be union men.

Those who could be approached would give no reasons from this exodus and names of the men were likewise not available.

Stragglers Increase.

There was not a noticeable number of transients from the coal fields in the two nights previous and it was only after the announcement that the government commission would meet in Herrin today, that the numbers increased to such an extent as to cause comment.

The father and mother of C. K. McDowell arrived here early today and met a man from Herrin, whose name could not be learned. This man advised them not to proceed to Herrin at this time, but the elder McDowell disregarded this advice and left for Herrin. The mother remained here to meet McDowell's wife, who is believed to be on her way here from St. Louis.

A man giving the name of Adams and his home as Loganport, Ind., one of the warring strike breakers, also passed through here last night. He had walked about 29 miles from Herrin to this railroad center following the fight, and while here refused medical attention, although plainly in need of it. He left by train.

Secret Report Made.

HERRIN, June 24.—William Troutman and A. H. Rodenburg, assistant attorney generals, today completed an investigation of the mine war which they made under orders from Attorney General Brundage. Their report will be made directly to him and they refused to discuss the nature of it.

Garfield County Officers Facing Removal Action

(By the Associated Press)

OKLAHOMA CITY, June 24.—Petitions seeking the removal from office on charges of official misconduct were to be filed in district court at Enid today against Eli N. Wells and M. E. Shockey, members of the board of county commissioners of Garfield county, it was announced here this morning by Attorney General Short. The ouster action followed an audit made recently by Fred Parkinson, state examiner and inspector, showing irregularities of approximately \$230,000 in funds of various Garfield county offices. A motion will be made at Enid by the attorney general's office on July 6, for an order suspending the accused officials during the pendency of the case.

CLOSING 'WAGON' MINE PROTESTED

Union Officials Are Made Defendants in Suit in Federal Court.

(By the Associated Press)

INDIANAPOLIS, June 24.—The United Mine Workers of America and all officials and members of the union were made defendants in a suit for an injunction filed in United States district court here today by Clara Masson, owner of the Epton coal mines in Knotts county, Ind.

The court is asked in the suit to restrain union miners from continuing activities aimed at the closing of the so-called wagon mines of the state. John L. Lewis was a defendant in the suit, as president of the union, and as an individual.

So far as the action against the union as an organization is concerned, it is brought under a decision of the United States supreme court in the Coronado coal case, whereby it was held that organized labor is suable. The bill is voluminous and recites in detail many circumstances connected with activities of crowds of miners that have marched in recent weeks against various wagon mines. The bill, however, has not been filed on behalf of other mine owners other than Clara Masson, according to attorneys.

PLANE ACCIDENT REPORT WILL BE INVESTIGATED

NEWPORT NEWS, Va., June 24.—Langley Field authorities, taking notice of unverified reports current here and in Washington that an army dirigible, supposedly the A-4, had fallen while enroute from the capitol to the field, started an investigation at 1 o'clock this afternoon. Air service officials were not inclined to credit the report.

TROOPS READY TO MARCH ON SHORT EMERGENCY CALL

Chicago Guardsmen Rest On Arms and Eagerly Await Orders.

WAR DAYS RECALLED

Guards May Be Needed To Protect Mourners As Victims Buried.

(By the Associated Press)

WAUKEGAN, Ill., June 24.—Following receipt of a report from Major General Milton Foreman at Herrin that troops are not needed there now, Governor Len Small announced at 2:30 this afternoon that he probably would order Adjutant General Black to demobilize the 1,000 men being held under arms at Chicago.

The order will not go through for a few hours, the governor said. The guardsmen will be instructed, the governor said, to hold themselves in readiness to be called again if needed.

General Foreman, who headed the investigating board sent to Herrin last night by Governor Small, through General Black, reported that no further trouble is expected unless the mining companies try to resume operations.

CHICAGO, June 24.—Illinois troops held themselves in readiness today prepared to leave on a moment's notice for the coal fields of "bloody" Williamson county.

Transportation arrangements, made yesterday, following Governor Small's order to mobilize, remained in effect today so an immediate departure could be made on orders to entrain.

Some of the Chicago guardsmen were permitted to spend the night at their homes after they had arranged to answer promptly a call to arms. Others slept in the old Second Infantry armory.

To many of the infantrymen, the mobilization recalled the days of war. In the ranks of the guardsmen from the state were many veterans who went through the withering fire of Europe's inferno.

Among the personal requests to Governor Small for troops to be sent to Williamson county was that of William J. Lester, president of the Southern Illinois Coal company, whose strip mine at Herrin was the storm center of Wednesday's riots.

Mr. Lester said that soldiers were needed to assure proper burial of massacred victims and to act as guards for mourners, against whom it was feared the threats of striking miners might be directed.

"Both relatives and friends of many of the dead are unsafe under present conditions at Herrin," he said. "I cannot conceive that such atrocities as the massacre of my employees could occur in America."

Sheriff Still Inactive.

CHICAGO, June 24.—Counsel for the Southern Illinois Coal company, whose strip mine was burned and non-union workers slain by the striking miners and sympathizers, today sent a telegram to Adjutant General Carlos Black at Springfield requesting that troops be sent to Williamson county. The attorney charged that the sheriff of the county was still refusing to do his duty and that there was danger of further outbreaks.

Strike Breakers Blamed.

ST. LOUIS, June 24.—The trouble at the Lester mine near Herrin was precipitated by the coal company's attempt to run the mine on a non-union basis with imported strike breakers under armed guards, Frank Farrington, president of the Illinois branch of the United Mine Workers of America, said in a formal statement issued here today.

Eclipse German Atrocities

WASHINGTON, June 24.—The Southern Illinois mine disorders were held up by Senator Myers, democrat, Montana, in the senate today as "proof" that there is no free America and justification for the assertion that there can be no "free America" so long as American citizens cannot work where, when, for whom and at what price they choose without seeking the consent of the invisible government, an organized minority.

CENTER GIRL IS DROWNED FRIDAY

Lady Mae Austell, Age 16, Warns Chums After Misjudging Water's Depth.

Lady Mae Austell, 16, daughter of Dr. A. G. Austell of Center, was drowned at 5 o'clock Friday afternoon at a tank in her father's pasture near Center according to word which reached Ada this morning.

Five girls had gone to the tank, which is about a mile and a half west of Center on the Stafford highway, late in the afternoon and the tragedy occurred when Lady Mae Austell misjudged the depth of the water, in which she had bathed many times.

While three of the girls remained near shore, Miss Austell led the fourth toward the center of the pond, assuring her that the water was not dangerous. Soon the two became separated, it is reported, and Miss Austell, finding herself sinking, cried out a warning to others in the party. She was unable to swim.

As she sank, the girl is said to have remained conscious and to have told her chums of a letter in her pocket. It was later found to be only a communication to Dr. Austell which the girl had taken from the postoffice Friday afternoon.

When it became evident to the other girls that they were unable to save Miss Austell, they rushed to the road, 200 yards away, and hailed an automobile. Divers were brought to the tank and the body was taken from 9-foot water. The girl had been under about 40 minutes.

Funeral arrangements had not been completed this morning. Burial was expected to take place tomorrow afternoon at Center. The Austell family is one of the best known in the county, having lived at Center for years.

YOUNG MAN IS KILLED IN TULSA COLLISION

(By the Associated Press)

TULSA, June 24.—Lawrence Whitcomb, 30, an employee of a local concern, was killed instantly and a young woman companion was perhaps fatally injured when the automobile in which Whitcomb was driving crashed into a house on the Broken Arrow road seven miles south of here early today. Another young woman and two men in the machine were injured.

Schooner Is Wrecked.

HALIFAX, N. S., June 24.—The schooner Puritan, out of Gloucester, one of the proposed contenders in the annual fisherman's race next fall, has been wrecked on Sable Island.

Advices received here stated that seven had reached shore but that 15 members of the crew were missing.

SMALL'S FATE IS SENT TO JURORS THIS AFTERNOON

End of Nine Weeks' Trial Comes at 2:03 O'Clock; Expect Acquittal.

FRAUDS ARE CHARGED

Legal Battle of Four Years Will Be Concluded With Verdict.

(By the Associated Press)

WAUKEGAN, Ill., June 24.—The case of Governor Len Small, charged with conspiracy to defraud the state, went to the jury at 2:03 o'clock. The trial lasted just nine weeks. Predictions about the court room were that the jury would acquit the governor within a few hours.

The case grew out of alleged misappropriation of funds in 1917 and 1918, while the governor was the state treasurer and in 1919 and 1920, during the term of Lieut. Governor Fred E. Sterling as treasurer.

Arguments Concluded.

WAUKEGAN, June 24.—Trial of Governor Len Small, charged with conspiracy to defraud the state by false pretenses, entered the last lap Friday afternoon. C. Fred Mortimer, state's attorney of Sangamon county, began his final address to the jury at 4 o'clock, talked for an hour, and then court adjourned until Saturday morning, when the prosecutor completed his argument.

Mr. Mortimer said Friday night that he would be through by 11 o'clock Saturday. Judge Claire C. Edwards read his instructions to the jury and the case was submitted. Charles C. Leforgee and Werner W. Schrader closed for the defense with a final appeal for acquittal of the governor.

BAPTISTS FEEL CONFIDENCE IN DRIVE FOR 1500

Confidence that the goal of 1,500 set by the First Baptist Sunday school for an attendance record tomorrow, would be reached, was expressed this morning by workers.

A thorough house-to-house canvass has been made in three sections of the city and hundreds have promised to be present. A group of business men canvassed the business section and report a ready response on the part of those solicited. The men are expecting 500 in the McGowan theatre class tomorrow morning.

At the men's class, L. A. Ellison will teach the lesson, Mrs. Harry Schienberg will render a violin solo, and Russell Bond will sing. A photograph will be made of the class. A picture also will be taken of the crowd at the church.

Any one knowing of somebody who cannot attend without having a car sent for him is asked to phone 1089 at 9 o'clock Sunday morning.

COMMITTEES TO AID KIDDIES IN PLAY MOVEMENT

Committees to handle the details of the Play Carnival, to be directed by Miss Anna Weaver Jones next Thursday under the auspices of the Lions Club, were announced today.

Roy Givens will have charge of the automobile arrangements and see that every child has an opportunity to ride to the College campus and then back home.

Marshall Harris will have charge of the serving. Sam Schienberg and Lowery Harrell are the purchasing members.

J. E. Hickman and W. D. Little will see that the facts are brought to the attention of all the children and their parents, through the news papers and otherwise.

Rev. C. C. Morris will see that music is provided.

Definite arrangements will be made within the next day or two just where the cars will pick up the kiddies.

The Lions are anxious that every child in Ada from the ages of six to sixteen be the guests of the club beginning at 7 o'clock and continue until dusk. Ice cream will be provided free of charge for the youngsters. They will be taught organized play by Miss Jones, probably the best authority on plays and playground work in the state.

Governor Denies That He Intends To Defend Policy

(By the Associated Press)

OKLAHOMA CITY, June 24.—A statement issued at the office of Governor J. E. A. Robertson today denied that the governor was to speak at McAlester June 28 in "defense of his administration" as was reported yesterday from McAlester. The governor stated that he would speak on the accomplishments of the administration, and not in its defense.

The governor said he intended to make several other addresses at various cities in the state soon but that his trip had not been completed.

BURGLARS RIFLE ADA STYLE SHOP

\$800 in Silk Goods Taken From Local Store By Night Looters.

Losses estimated at from \$700 to \$800 were sustained by Burk's Style shop last night when burglars, who left no clue to their identity, rifled the store and removed a big quantity of ladies' hose, kimonos, silk dresses, furs, two traveling bags, organdie dresses and silk undergarments.

Entrance was affected through the back window, officers said, and the blind on the back door was drawn, apparently to prevent detection while the looters were at work. Sheriff Bob Duncan's men said this morning they believed the job to have been sprung by professionals. An extensive network was being spread this morning by the sheriff with the hope that officers in neighboring counties may bag the burglars.

Mrs. E. T. Burk, manager of the Style shop, said her biggest loss was in silk hose. A careful check was being made to determine the exact extent of loss.

Officers at Holdenville were maintaining an especially close watch today after being informed that there were some indications that the burglars headed north after the raid.

RATHENAU FALLS FROM TWO SHOTS ON BERLIN ROAD

Assailant Dashes Away in Automobile After Deed Finished.

WAS WAR MAINSTAY

"Brains of Germany" Kept Nation From Ruin in Trying Times.

(By the Associated Press)

BERLIN, June 24.—Dr. Walter Rathenau, German minister of foreign affairs, was assassinated today. The minister was shot and instantly killed as he was leaving his residence in Grunewald, a suburb of Berlin, for the foreign office in an automobile. The assassin escaped.

Dr. Rathenau was a guest at a dinner last night at the home of Allison B. Houghton, the American ambassador. On receipt of the news of the assassination of the foreign minister this morning, the American embassy immediately hoisted its flag to half mast.

The murderer, who was driving in a motor car, slowed up as he was nearing Dr. Rathenau and shot twice at the foreign minister, the shots taking effect immediately. Putting on high speed, the assassin escaped.

No clue to the identity of the murderer had been discovered up to noon today.

Reichstag Staggered.

News of the assassination reached the Reichstag at 11 o'clock just when the commission on taxation had convened. Chancellor Wirth announced the assassination, upon which pandemonium broke out among the various party groups.

Two socialists jumped up, shouting to Dr. Helffrich: "You are the assassin."

They threatened to pounce upon him, and Dr. Helffrich departed from the room.

In one of the Reichstag corridors a heated outbreak occurred between deputies belonging to the left and a party of representatives of the other extreme of the chamber.

When the news was communicated to the Reichstag itself at 11:25 it was received with deep emotion. In the midst of turmoil, the Reichstag adjourned.

"Wizard of Empire."

Dr. Walter Rathenau was styled "the wizard of the German empire" because, by his high power of organization and business efficiency, he devised expediency which kept "the people acting and the army shooting" when the blockade had shut off importation of raw materials during the war. After the war, as minister of reconstruction, his meeting with the French minister, Louis Loucheur, brought about with business-like directness adjustments and accommodations.

He was of Jewish birth and was described as a man of great force and energy, business acumen and initiative. His father founded the Algemeine Elektricitats Gesselschaft (German General Electric company of Berlin) commonly known as the "A. E. G."

BIBLE THOUGHT OF TODAY

ABOUT THROWING STONES:—Master, this woman was taken in adultery. Moses commanded us that such could be stoned; but what sayest thou? He said unto them, He that is without sin among you, let him first cast a stone at her.—John 8:4, 5, 7.

SENTENCED TO DIE.

A few days ago a bunch of men in Illinois took jobs at a strip pit coal mine, in order to make a living for themselves and wives and children. For this they were sentenced to die. These men were not only sentenced to die, but they were actually killed—killed like dogs.

We shall admit that we do not know all the conditions existent in the Illinois coal fields. It may be that the miners are justified in striking. It may be that they are justified in fighting for a shorter week. These are things about which we are expressing no opinion. But regardless of how exasperated the miners may have been, regardless of the conditions under which the so-called strike breakers went to work, these things did not justify murder. The right to life exceeds the right to property. The law rightly does not justify killing on property rights. The right to kill is justified only for one cause and that is to protect life.

The murderers, regardless of who they may be, should be brought to quick and stern justice.

This act, if it is laid at the feet of the organized miners, will do more to injure the miners union than anything else they could have done. While many of the miners are foreigners and do not appreciate the temper of the American people, they must realize that America has different ideals from Italy and that the spirit of Christianity is more pronounced here than in many foreign lands. Wrong cannot right a wrong.

GOVERNMENT OWNERSHIP

We have no sympathy with any sort of propaganda for government ownership and operation of railroads, mines or any other industry that can be carried on successfully by private interests. In the first place it has been demonstrated time after time that although the theory of public ownership of utilities is very pretty it has never worked out in practice. Politics and inefficient management simply make it impossible. With several million men employed in mines, railroads and other forms of public service all political parties would be constantly bidding against one another for the vote of these men and the whole system would resolve itself into a scramble for power with the tax payers digging up the deficits which would occur with unflinching regularity. Not only that but at present these utilities pay many millions of taxes which they would not do under government control. No public ownership for us until a miracle is performed changing human nature to make it ready for the dawn of the millennium when all hatred, suspicion and wrong doing shall have been banished from the earth.

VOTING AT RANDOM.

When the voter picks up his ticket at the primary he will find himself confronted with a bewildering list of candidates he never heard of before. For example, 10 Democrats, 10 Republicans and a Socialist have filed for lieutenant governor. Some of these men—most of them, in fact—have never been heard of here but may catch a few votes by accident. The voter just shutting his eyes and making a wild guess. The same applies to other offices. In the state insurance commissioner's E. W. Hardin, present incumbent, has six opponents in the Democratic ranks and all others are in like proportion. Judging from the numerous filings by Republicans those fellows feel that they missed a chance at the pie counter two years ago and this time they want to be right there if any pie is coming the way of the Republicans.

The News is very much delighted with the progress being made at the Teachers College. This summer term is the best on record, both in the point of numbers and effectiveness of the work. In fact, the two years of President Linscheid's administration has been a period of rapid growth and progress of which we are proud. East Central, the youngest of the six teachers colleges, stands at the forefront and its influence is being felt throughout the state. The fondest hopes of the citizens who fought a battle against heavy odds to secure the school for Ada are being realized.

The first essential qualification in leadership is for a man to boss himself. If he has himself under good control he may be qualified to handle others and get the best results in directing their efforts. Of course the average man considers himself capable of telling the other fellows where to head in, no matter how little he knows about a thing.

NEWSNOTES FROM MOVIELAND

They say Eva Novak has a record for her speedy entrance into filmdom and her subsequent rise to stellar heights. Although she is but twenty-four and has never been on the stage in her life she recently launched her own producing company and started her initial film, "The Blue Sedan."

After leaving school in St. Louis she arrived in Los Angeles seeking her career in pictures. She obtained work as an extra and within a year she was featured. Then for over two years she starred in Universal comedies. Today she is about one of the happiest girls in films because she heads her own company.

Jane Novak, her pretty sister, is also starring in her own productions. She will be remembered for her work with Bill Hart, Charles Ray and in Marshall Neilan's "The River's End." It looks as if these two sisters were going to be as successful as some of the other well known screen families.

Jane will soon be seen in "The Snowshoe Trail" and "Colleen of the Pines." At present she is starting "Thelma," by Marie Orelli and later she will do "The Rock of Ages."

"BEN HUR" TO BE FILMED.

Announcement has been made that the motion picture version of "Ben Hur," about which so many rumors have been afloat recently, will be made by Goldwyn Pictures corporation, largely amid the actual scenes of Gen. Lew Wallace's famous Biblical story.

When Mr. Erlanger purchased the picture rights for "Ben Hur" more than a year ago the price he paid was close to \$1,000,000. The transaction completed recently with Goldwyn, it is said, involves a much larger sum, the largest amount of money ever paid by any motion picture producer for the right to picture a single story.

Under the terms of the agreement the cast, the scenario and all the various details of the production will be subject to the approval of Mr. Erlanger on account of his intimate knowledge of the play, which has been his property since 1899. The principals of the cast will be selected in this country, but the picture will be made partly in

ambitions were aroused. The boys and girls who have gone on through high school or into college, usually have a good work spirit. A crowd of young people who came along with this attitude has acquired the first fundamental of life. A man or a woman who is willing to work usually amounts to something and becomes a good citizen. The modern world is full of a certain indolence, and disposition to demand less work and more pay. Many young people seem rather idle in school, but as a whole they realize the need for industry, and they manifest it to an increased degree. When they get out into the world they may shame many adult loafers.

Houston Post: The assembling of more than 7,000 young Americans in the various reserve officers' training camps revives memories of the stirring days of the war, when the country was put to the necessity of rushing the training of officers in order to have leadership for its army. Happily, we have no war or prospect of war now, but the necessity of training these young men as reserve officers is perfectly apparent. The war taught us what it means to be unprepared to defend ourselves. Under the policy which provides for the officers' training camps we shall not be caught in such a predicament as the last war found us in. In case trouble arises in the future, it will not be necessary to try to compress into three months training a four-year course in military science. We shall have a nucleus or an organization about which an effective army can be quickly built. Under the plan now in operation some 10,000 reserve officers will be trained each year. This will compensate in some measure for the reduction to a nominal basis of the standing army, and relieve the country of the menace of unpreparedness. These young men will constitute a highly important part of the potential national defense.

TWO STARS IN GREAT WILLIAM DE MILLE PRODUCTION

Agnes Ayres and Jack Holt are featured in Paramount's "Bought and Paid For"

Two Paramount stars, Agnes Ayres and Jack Holt, who were featured respectively in "The Sheikh," "The Call of the North," and "The Lane that had no turning," play the two principal roles—those of Robert Stafford and Virginia Blaine—in "Bought and Paid For," the William de Mille production which will be featured at the McSwain theatre next Monday and Tuesday.

The role of Virginia Blaine was created on the stage in George Broadhurst's notable play, from which the picture was adapted, by Julia Dean.

The cast is notable for the ability of the players embraced therein. Walter Heirs, a round, polite comedian imitator plays "Jimmy," which was enacted by Frank Cravens in the original stage production. Others are Leah Wyant, George Kuwa and Bernice Frank.

Of unusual interest is the fact that Mr. Broadhurst, author of the play, and William de Mille, who produced it for the screen worked side by side in the old days and in one year they had two of the biggest successes in New York stage history running side by side—Broadhurst's "Bought and Paid For," and de Mille's "The Woman."

FOR CONGRESS

Ex-Judge ROBERT WHEELER OF TECUMSEH

I am a Democratic candidate for Congress from the Fourth District, and stand for the time honored Democratic principles of personal rights, American manhood and a free country.

Congress can end moonshining, bootlegging and poisonous liquor without imprisoning anyone, if it will amend the Volstead law to conform to common sense and fairness, and so as to permit a reasonable use of light wines and beer, and to permit the use of other liquors as medicines, without unnecessary restrictions. The present radical measure does not promote the cause of either temperance or of respect for law, but is causing a terrible toll of human life to be taken needlessly, and I am for any fair amendment that will give relief from the present deplorable conditions, and restore respect for law. The 18th amendment has eliminated the saloon so that its return is no longer a question.

I am opposed to all laws regulating the conscience or personal habits of the individual so long as he does not interfere with the rights of others.

I am for the most liberal laws possible to foster the farm and every other business interest in our country; with fair wages and fair treatment for all who labor in any field, and for fair compensation to all our soldiers, and especially to the widows and orphans of deceased soldiers, and all of those who were injured by sickness or otherwise while in the service.

I am against profiteering, extravagance, a large standing army, compulsory military training and political cowardice.

Pin Tucks, Lace and Organdie for Summer

OWOMAN'S
 INSTITUTS
 Fashion Service

By MARY BROOKS PICKEN

THE airiness of organdie makes it ideal for summer, and when apple green is the color it seems doubly appropriate. Pin tucks are the vogue for the most distinctive gowns or the simplest frocks, serving to give just the right balance to a plain fabric and especially to a simple silhouette. Here they trim an otherwise plain skirt and blouse as well as dominate the collar and pockets.

Cream organdie, edged daintily with Val lace in cream color, makes the collar and the pockets. The petal arrangement of the collar is of interest and worthy of many dainty stitches.

A set-in sleeve and a longer one may be substituted satisfactorily for the kimono sleeve in this dress. Pin tucks may also be added to the sleeves if one desires more decoration. The sash may be of cream, or green organdie. Which color is chosen depends on the size of the figure, the cream sash being preferable for smaller figures.

The broad brim of the hat is especially delightful for summer and when it is of attractive straw with large daisies as ornament it seems wholly desirable.

WHY MELL NASH SHOULD BE ELECTED STATE SUPERINTENDENT

1. He is absolutely honest and honorable. No man in this state has a higher conception of honesty and morality.
2. He knows the difficulties under which the children in the cotton areas attend school. He was born in Texas and reared in Oklahoma, consequently he is thoroughly familiar with the southern rural school and its problems.
3. He is the best qualified man seeking this position; he is a graduate of a Teachers' College in this state, and holds a bachelor of arts degree from the state university. He knows school work from that of the one room rural school to that of the upper classes of the university.
4. He has had an exceptionally broad experience in school work as rural teacher, as principal of a good high school, as superintendent of city schools, as high school inspector, as teacher in the summer school of an Oklahoma Teachers College, and as secretary of the Oklahoma Teachers' Association he has accumulated a wealth of information concerning every phase of school work such as few men possess.
5. Above all he is a good man: Good educationally, good morally, good intentionally. In him the children of the public schools will have a capable advisor, and a true friend. Vote for the best interests of your children by voting for M. A. Nash for State Superintendent.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

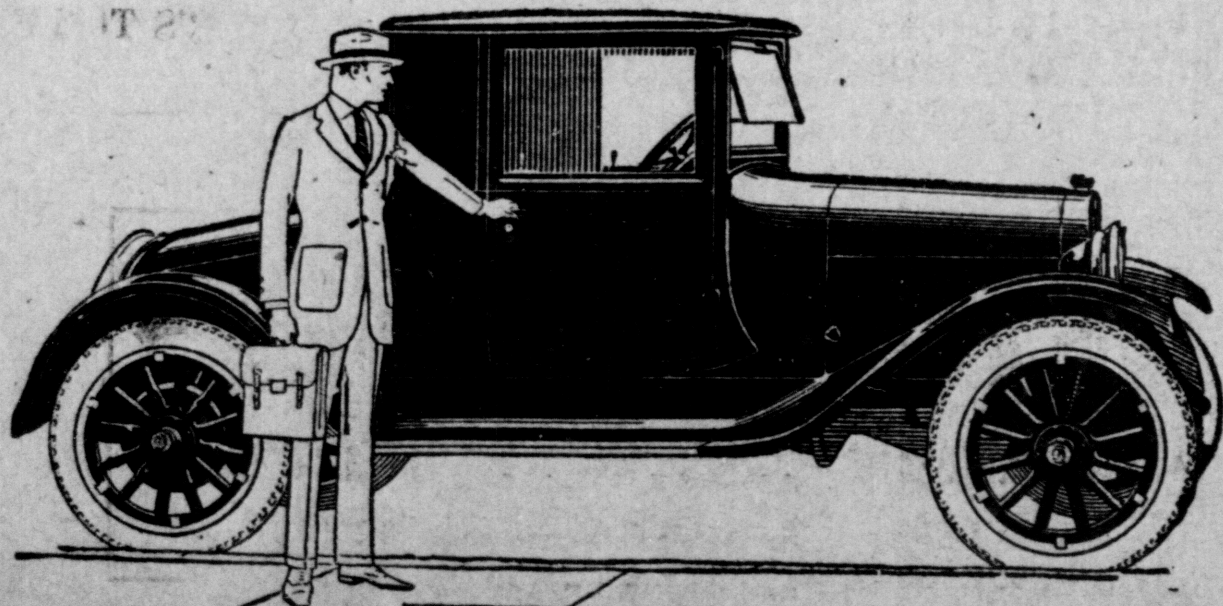

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$980 f. o. b. Detroit.

FIVE AMERICANS TO ENTER GRASS COURT MATCH IN ENGLAND

Two Women and Three Men Booked As Individual Yank Contenders.

(By the Associated Press)
NEW YORK, June 24.—Five Americans, two women and three men, will compete in the series of British Grass Court Championships at Wimbledon, England, beginning Monday, June 26, not, however, as an official team but as individual entries. The United States Lawn Tennis Association decided to concentrate its resources upon a team to defend the Davis Cup, emblematic of the world's team championship, thereby precluding official sponsorship for the Wimbledon classic.

The quintet which is entered is the same as last year on the woman's side, but due to the declination of William T. Tilden II, premier singles champion of the world, to play abroad this year the men's section of the invading five is not as strong as last year. Chief interest is in Mrs. Molla Bjurstedt Mallory, five times American champion, who failed at Wimbledon last season.

Last year the official American team was headed by Mrs. Mallory and Tilden, the latter successfully defending his world's title. J. D. E. Jones and Arnold Jones, father and son, the others did not go this year, but Miss Edith Sigourney, of Boston, again accompanied Mrs. Mallory. Dean Mathey, C. C. Caner and H. A. Gore will represent America in the men's tennis.

Only Semi-Official.

Of course, the result of their playing will be an American victory or an American defeat, as the scores will tell, but it is a defeat in the men's half, Yank devotees of the met will gain comfort from the fact that the best American players were unable to make the trip. Mrs. Mallory's title as American woman champion places a different aspect on her entry.

C. C. Caner, is familiar to Eastern galleries, particularly followers of intercollegiate tennis. While at Harvard Caner was intercollegiate singles champion in 1916 and, with Richard Hate, was intercollegiate doubles champion in 1917. Dean Mathey ranked No. 10 in national standing in 1916 and was an intercollegiate doubles champion at Princeton in 1910 and 1911. Now much is known of Mr. Gore.

Mrs. Mallory sailed for England hoping to meet Miss Suzanne Lenglen, the French champion, who defeated her once abroad but defaulted last summer at Forest Hills when "Marvellous Molla" had carried the court in the first set of the international match 6-2. Miss Lenglen complained of illness at that time.

If these two meet early in the play or both later reach the final round, the Wimbledon tournament will hold for American followers of the request greater attention than was devoted last year. If they do not meet the tournament will lack the color that the sporting public has been prepared to view from afar, but in any event the spotlight will center on Mrs. Mallory who is much set upon annexing the world's title as she is anxious to defeat "The Suzanne."

With the exception of 1919 Mrs. Mallory has been American champion since her advent in the United States in 1915 as Miss Molla Bjurstedt, a native Norwegian. Her first year as a matron she dropped to third among the First Ten Women but in 1920 she asserted herself and last year held her title. She is the wife of Franklin I. Mallory, a broker.

WILL HE BECOME B. B. MAGNATE?

Tris Speaker in action.

By Norman E. Brown

It's a good bet that Tris Speaker, center fielder and manager of the Indians, will soon join the magnate class. The recent death of James C. Dunn, principal owner of the Indians, will mean a change in the line-up of the club stockholders, it is believed. Mrs. Dunn has indicated that she will not endeavor to carry on the directing of the business.

Speaker's warm friendship for the late owner, Dunn's fatherly regard for Speaker and the fact that Speaker was associated with Dunn in the contracting business as well as in the national game, would seem to indicate that the logical result of Dunn's death would be the elevation of Speaker to the active control of the club, if not to the presidency.

It may be that Speaker, if given this opportunity, will end his playing days and follow the footsteps of McGraw and Connie Mack by managing the team from the bench.

Tris is still fielding in Speaker fashion and giving the other sluggers a battle for batting honors on the circuit, but he is beginning to feel the effects of years of campaigning with big league teams. He is more susceptible to injury and only his fighting spirit has kept him in the game at times while he has fought illness.

ST. LOUIS BALL FANS IN FRENZY TO WIN PENNANT

(By the Associated Press)
ST. LOUIS, June 24.—St. Louis baseball fans are in a frenzy of pennant excitement these days.

At present they are pinning their hopes on Lee Fohl's American League Browns. With Kenneth Williams, the leading home-run slugger of the majors, together with George Sisler, leading hitter and base stealer, the leading pitcher, Urban Shocker, and a few other satellites of the diamond, the outlook is considered very favorable.

Fohl's latest and one of his most valuable assets, on whom the fans are dependent for the bunting, Hubert "Shucks" Pruett, recently a college baseball pitcher, Pruett won a home when he fanned "Babe" Ruth in his three trips to the plate in the recent series with the Yankees. "Babe" Vangilder, who first broke into professional baseball with the Birmingham club of the Three League, is pinning into form under Fohl's eye. Pruett, like Vangilder, is inclined to be a bit wild, and to pitch himself into a hole, but brazen enough to slip the pill thru the groove with the bags loaded.

Dixie Davis, Dave Danforth of the shine ball fame, Ray Kolp, Billie Bayne and Wright are excellent supporters to the pitching staff.

In the outfield, Kenneth Williams whose speed has enabled him to add extra bases to ordinary singles, doubles, as well as a few stolen bases, is supported by Jacobson, Tobin and Shorten.

Jacobson and Collins in several instances have proved effective hitters in the pinches.

The recent Yankees and Browns series broke all records for attendance at the local park, more than 75,000 persons witnessing the four games. The attendance record for a single game was also shattered, due to the attraction of the two Goliaths of Swat, Ruth and Williams. The record of 29,000 was established during the Brown and Cardinals pre-season

HEILMANN PUSHING SISLER FOR HONOR AS FIRST SLUGGER

Detroit Tiger Improves in Hitting of Past Week; Battle Waxes Hot.

(By the Associated Press)
CHICAGO, June 24.—Harry Heilmann, the great slugger of Detroit whose batting in the last two weeks had been a big factor in the winning streak of the Tigers, promises to give George Sisler, the star of the St. Louis Browns, battle for the batting leadership of the American League.

Heilmann, a week ago, was hitting .351, but according to the averages released today, he has shown a gain of thirty-one points, and is right on the heels of Tris Speaker, of Cleveland, who is the runner-up to Sisler with an average of .387. Sisler continues to top the list with a mark of .434. The averages include games of Wednesday.

Sisler Best on Bases.

The St. Louis idol also is far in front among the base stealers, having stolen twenty-six. Sisler also increased his lead in runs scored to 58, his total hits to 112 and total base mark to 167.

Kenneth Williams, a teammate, increased his lead among the Kings of Swat, by smashing out three homers and bringing his string to eighteen.

Practically no change resulted among the leading batters of the National League, within the last week. Rogers Hornsby, St. Louis premier second sacker, bagged another home run, and brought his total to 15. Besides his homers, he has cracked out sixteen doubles and three triples. His batting average is .397. B. Griffith of Brooklyn, continues to be the runner-up with an average of .383, while Hank Gowdy, the Boston catcher, is next with .375.

Max Carey, the fleet footed outfielder of the Pirates, broke the triple tie shared a week ago with Hornsby and Young of New York for stolen bases, by pilfering three sacks. He is showing the way with 14 thefts.

Myatt Back in Lead.

As a result of connecting with thirteen hits in his last six games, Myatt of Milwaukee climbed back into the lead in the race for the batting leadership of the American Association. The averages today show him batting .408, with Brown of Indianapolis in second place with .387. Brown was seventh in the list a week ago, but he started on a batting rampage that netted him sixteen hits in seven games. The averages include games of Wednesday.

"Red" Russell, the Minneapolis veteran, is threatening the home run performance of Bunney Brief of Kansas City, who is leading the race with fourteen. Russell has crashed thirteen homers. Krueger of Indianapolis has connected with ten.

In base stealing, Haas of St. Paul continues to show his heels to his rivals with a total of 12 thefts.

Tucker a Rising Star.

Tucker of New Orleans threatens to dislodge Schulte of Mobile from the batting leadership of the Southern Association. Tucker jumped from fourth to second place for an average of .372, by driving out eleven hits in his last six games. Schulte is leading the van with an average of .394. The figures include games of Tuesday.

The scramble for home run hitting honors remains unchanged with Barrett of Little Rock setting the pace with seven. Conolly, also of Little Rock, and Harper of Birmingham are next in line with six.

Henry of New Orleans continues to blaze the trail for the base stealers with twenty-three. Stewart of Birmingham is following with twenty-one, while Silva, also of Birmingham, is third with nineteen.

With an average of .415, Fisher of the leading St. Joseph club is showing the way to the batters of the Western league, with Carl East of Wichita second with .399, according to figures which include games of Tuesday.

Davis and Bennett of Tulsa are running neck and neck in the race for home run hitting, with Davis out in front with thirteen. Bennett has slammed out thirteen. Hemingway of Sioux City is the class of the league in base stealing. He has stolen twenty, while Elsh, a teammate, is his closest rival with fourteen.

Konawa Will Have Regular Ball Park; Team is Promising

KONAWA, June 24.—(Special)—For the first time in history the Konawa town amateur baseball club will have a regular ball park. Work has already started on fencing the club's property just north of the city. Merchants of Konawa are furnishing money to build a high board wall around the park.

Several years ago the club was given a grandstand. Players are now looking forward to the time when they will have a "home of their own." Records for the club this year are better than they have ever been. Practically all of the players are local men, many having been with the team for years.

Last Sunday Konawa played the Tecumseh city club. Tecumseh won 9 to 4. A fast game for next Sunday is to be brought to Konawa.

Schedule of Scout Games Announced Today by Executive

Boy Scout games for the coming week were announced today as follows: June 26, in A class, Troops 2 and 5 will play. In B class, troops 7 and 9, and Troops 3 and 10 will play. June 28, Troops 1 and 2 will play.

WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day.— Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."

—Mrs. L. A. GUINN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guinn's letter should interest you.

Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

COOPER WILL FIGHT DICK SMITH JULY 4 IN 10-ROUND FRAY

Carl Morris Understudy May Give Local Hope His Hardest Go.

A product of one of the state's most noted glove experts will be here July 4 to mix it for ten rounds with Arch Cooper, Manager Dixon stated this morning. He had just completed negotiations with Carl Morris, noted boxer and trainer of Sapulpa, for a bout here July 4 between Cooper and Dick Smith of Sapulpa.

Smith and Cooper will be about equally matched in experience and speed. It is expected that this bout will be one of the speediest yet seen in Ada and fans are turning their attention to the local fighter, since his victory over Thoms at Sulphur Wednesday night.

Jack Dempsey Sparks will go six rounds in a semi-windup with Kid Douglas also of the Morris camp at Sapulpa. A contract is also pending for a good man to be matched with Dutch Stone. Stone has been suffering from an injured hand since his last knockout and may not be able to fight on this date.

Several other good preliminaries are being planned and probably will be negotiated within a few days.

For the first time since promoters of boxing in Ada began to attract much attention, out-of-town fighters will be here ahead of time. Smith and Douglas will arrive in Ada July 2 and local fans will be given an opportunity to watch them work out at the local club rooms.

HURT ALL OVER

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says "Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Messer, of Route 3, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible."

"I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble."

"I was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good."

"I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it."

"I had only taken a few doses when I felt it would do me good. This gave hopes and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it. NC-136a

NEWS OF KONAWA

KONAWA, June 24.—(Special)—Four accidents and tragedies occurred in this place and vicinity on Wednesday, June 21. A small boy suffered a broken leg and arm, a man sustained a broken leg, and two homes were burned. A five year old negro boy was burned to death in the negro settlement south of Konawa.

John Moore, employed at a sawmill seven miles east of here, got his foot badly broken Wednesday afternoon while at work. He was rushed to town for treatment and is reported to be making slow recovery.

The young son of Mr. and Mrs. Raz Harper suffered painful and serious injuries when thrown from a horse. His leg was broken by the fall and his arm broken when the horse stepped on him. He will be confined to his home for several weeks, doctors said.

A small negro boy, a family by the name of Greyson, was burned to death Wednesday afternoon while his father was at work and his mother doing washing in Konawa. The boy had been locked in the house and neighbors arrived too late to save his life.

Fire, starting from an undetermined origin, destroyed the home of W. K. Duncan. The family was out at the time and neighbors who discovered the fire were unable to save much of the household goods. Insurance to the amount of about \$1,000 was carried, but this does not cover the entire loss, it was said.

Miss Jewell Hammond, daughter of J. B. Hammond, left last Sunday for Europe where she will spend several weeks touring. She was accompanied by Miss Alice Hyde of Oklahoma City. The young ladies will visit Italy, France, England and Germany.

Work has been started on the Nazarene tabernacle in Highland Addition. This is the newest church in the city.

Miss Ida Deavers, who has been attending the college, arrived home Friday to spend the week-end with her parents and friends.

Cox left Friday night for Ada where they will spend a few days visiting relatives and friends.

From 200 to 300 bushels of early Wheeler peaches have been shipped from Konawa to up-state markets. About a half crop of Alberta peaches is expected to be yielded in the orchards west of the city. This fruit will be gathered in early August.

Farmers of this vicinity report that the boll weevil is active and that steps are being taken in many sections to combat the insect. Speeches and bulletins on methods of fighting boll weevils have been sent out to farmers here.

Company F, Oklahoma National Guard infantry, won second place in the rifle match at Ardmore last Saturday. Members of the local company who participated were Capt. Earl Taylor, Sargeants Earl Barton and Will Wright, and Corporal Frank Jones. The company is making preparations to leave for camp July 11.

WM. ROCKEFELLER,**OIL CHIEF, DEAD**

Brother of John D. Passes

Away After Illness of

Long Duration.

(By the Associated Press)

TARRYTOWN, N. Y., June 24.—

William Rockefeller, oil magnate and brother of John D. Rockefeller, died here today from pneumonia, shortly before 7 o'clock.

Mr. Rockefeller had been ill at his home, Rockwood Hall, in North Tarrytown, since Sunday, but word of his condition was not made public.

William Rockefeller had been in ill health for many years. The state of his health, in fact, and his whereabouts, became a matter of intense public curiosity in 1912-13 when the congressional committee investigating the "money trust" desired him as a witness. He could not be found. For months the sergeant-at-arms of the House of Representatives led a search which was fruitless. The financier's Fifth Avenue House in New York was besieged by subpoena servers, detectives, reporters and an idle throng for days; his residence at Tarrytown, N. Y., the Standard Oil offices on Broadway and his clubs, were watched without avail.

Cancer in Throat.

When attorneys representing him finally capitulated by accepting the subpoena for him, it was disclosed that he was at Nassau, Bahamas Island but his physicians emphatically maintained that to ask Mr. Rockefeller to answer questions on a witness stand was to invite his death. He was subject to such spasms of coughing, that speech above a whisper was likely to strangle him.

The Pujio committee, still determined to get his testimony concerning an alleged manipulation of the copper market with H. H. Rogers several years previously, arranged a special sitting in the financier's cottage at Jekyll Island, but had proceeded with less than a dozen questions when the witness was seized with laryngeal spasms and palsy. The committee was unable to continue without fear of causing his death.

It was then that his physicians admitted he was suffering from a cancer of the throat.

The subpoena-servers' search for

Mr. Rockefeller, which, it was estimated, cost the government many thousands of dollars, was the most conspicuous feature in newspaper history of his latter life. Although the active head of the Standard Oil Company of New York from its establishment in 1865 to 1911 and one of the richest men in America, his prominence was overshadowed by that of his elder brother, John D. Rockefeller, the founder of the Rockefeller interests in oil, and for many years the head of the parent company.

Five Doctors Present.

Five doctors, under the charge of Mr. Rockefeller's personal physician, Dr. W. J. Robertson, were in attendance when the end came. Practically the entire Rockefeller family were assembled at the death bed.

Mr. Rockefeller, who contracted a heavy cold during the rains of last week-end, had just completed building a \$250,000 mausoleum in Sleepy Hollow cemetery. The mausoleum was constructed according to his own plans and under his personal direction.

Mr. Rockefeller began to sink rapidly yesterday morning, but rallied about six p. m. In the evening came another sinking spell. Physicians and surgeons, fortified with all the resources of science, kept a night watch, but it was obviously a losing fight.

John D. Rockefeller remained at his home in Pocantico Hills, but was kept constantly informed of his brother's condition. He reached Rockwood Hall a few minutes after the end came. At the death bed were Mr. Rockefeller's two daughters and two sons. Mrs. Rockefeller died about two years ago. It is said his death will have no bearing on the action of the stock exchange.
